

The NAC receives IT equipment donation from EUPM Moldova to strengthen institutional capacities

The National Anti-corruption Centre informs about the receipt of a donation of IT equipment and resources provided by the European Union Partnership Mission to the Republic of Moldova (EUPM Moldova), with the financial support of the Embassy of the Kingdom of the Netherlands in the Republic of Moldova, in order to strengthen the institutional capacities of the authority. The donation includes essential equipment, intended to contribute to the modernization of the technological infrastructure of the institution.

The support provided will facilitate the improvement of the operational efficiency of the NAC, the increase of the level of information security, as well as the optimization of activities to prevent and combat corruption.

The National Anti-corruption Centre appreciates the support provided by external partners, which directly contribute to the strengthening of institutional capacities and the streamlining of efforts to prevent and combat corruption.

The EUPM Moldova is a civilian mission of the European Union, established in May 2023, at the request of the authorities of the Republic of Moldova, to support the country in the field of security and resilience, within the framework of the EU's Common Security and Defence Policy. The mission operates in Chisinau, providing advice and support for strengthening the resilience of the security sector, crisis management, cybersecurity and countering hybrid threats.
